Chairperson: Craig R.

The next Executive Subcommittee Meeting will be at 7:00 PM on Monday Oct 26

Zoom Meeting ID: 898 0278 2076

Passcode: CMANA2026

The Executive Subcommittee met on Monday Sept 28th.

We discussed writing a Policy Motion to submit at ASC to have the workshops quarterly and to make them a regular part of the ASC schedule instead of temporary. We also discussed whether to suggest creating a new subcommittee or continue with the responsibility assigned to the Executive Subcommittee. We decided to submit a motion with the responsibility of overseeing the process of selecting and holding the workshops assigned to the RCM.

We went over the results of the Survey Responses for options for the December workshop. With the September workshop canceled and moved to October and with a presentation on Sponsorship behind the Walls scheduled for November, we will submit a motion to move the December workshop to January. If the policy motion to continue the workshops in 2027 passes, we will use the top 4 choices for the workshops in 2027, beginning with Building Strong Home Groups. The other 3 will be: DRT/MAT, Atmosphere of Recovery and Gender Neutral and Inclusive Language in NA Literature.

We have been doing a Financial Audit every 6 months for the last 18 months. We did one in March and another one was completed this week. The Bank Statements and Treasurer Reports match up perfectly. The average monthly contributions from groups for the first 9 months of 2027 is \$536.52. This is down from the 12 month average of \$595.22 in 2026. Expenses are also less than last year and we have made less contributions to Region.

Vice Chair: Mark A.

RCM: Noel D.

RCM Bullets – 10/05/2026

The region did not meet in September. The next RSC is the weekend of October 10th and 11th, 777 Elsbree St. in Fall River, MA. Saturday via Zoom, and Sunday in-person. Please check www.nerna.org for more information.

An environmental survey on the region was sent out by AD and RD

The Fellowship Development (FD) Service Menu and Service Request form is active.

The Spending Plan ad hoc is still being clarified, as there was significant confusion.

Fellowship Development has submitted a proposal to fund two members of each area (and the two contest winners) to NESSNA. A set amount will be provided to each area, and areas are asked to cover any additional expenses (if they choose).

Regional Saturdays will all be virtual, with Sunday alternating between virtual and in-person (not hybrid).

Regional Project Plans

PROJECT PLAN 1 Area Connection & Understanding of Region

*Issue Member Areas and members do not always understand the role of Region, what help Region can provide, or feel connected to Regional service.

*Goal Member Areas have stronger, ongoing relationships with Region, and members understand what Region does, what it does not do, and how Region can help.

PROJECT PLAN 2 Making Regional Service More Effective & Welcoming

*Issue Some Regional processes and practices make service harder to understand, participate in, and carry out effectively.

*Goal Regional service is clear, welcoming, solution-focused, and effective in helping members participate and carry out the work of Region.

PROJECT PLAN 3 Connecting Regional Resources to Area & Member Needs

*Issue Region does not always have a clear, current understanding of Area and member needs and preferences when deciding where to use its resources and attention.

*Goal Region regularly understands the member needs and preferences of its member Areas and uses its resources in ways that respond to those needs and support our primary purpose.

In Loving Service,

Noel D.

I am very thankful to everyone who has supported me, worked alongside me, and trusted me with this position. It has truly meant a lot to me.

At this time, I am stepping down from my position as H&I Literature Chair.

Outreach Committee: Teri T. Outreach Subcommittee Report

Outreach to the Fitchburg Sheriff's Office:

The Outreach Subcommittee continues to carry the message of Narcotics Anonymous to individuals who are incarcerated and preparing to transition back into the community.

One of our ongoing outreach efforts is our connection with the Fitchburg Sheriff's Office, where we provide information and support for individuals who are preparing for release and may be returning to probation, parole, and community supervision.

This service is especially important because many individuals returning to the community face significant barriers to recovery. A number of those being released live in rural areas where transportation is limited or unavailable. Without reliable transportation, getting to meetings, finding a sponsor, and becoming connected with the NA fellowship can be extremely difficult.

What We Are Seeing

Individuals leaving incarceration often have many challenges at the same time:

- Limited or no transportation
- Returning to rural communities
- Probation or parole requirements
- Difficulty finding local NA meetings
- Limited access to telephones or internet
- Uncertainty about where to go for recovery support
- The need to establish a clean and sober support network immediately after release

For someone who is newly released, the first days and weeks can be critical. NA Outreach can help create a bridge from incarceration to the NA fellowship in the community.

Our Purpose

Our purpose is not to replace other services or agencies. Our purpose is to make sure that people who want recovery know that Narcotics Anonymous is available to them.

We want individuals leaving the Fitchburg Sheriff's Office to know:

"You are not alone. There is a fellowship of recovering addicts who are willing to welcome you."

We can provide information about local meetings, help individuals become familiar with the NA fellowship, and encourage them to connect with other members and begin building a recovery support network.

Transportation and Rural Outreach

Transportation continues to be an important concern. Some individuals are released to communities where there may be few or no convenient meetings and where public transportation is limited.

As an Outreach Subcommittee, we would like to continue exploring ways to strengthen communication between the facilities, NA members, local groups, and the Area so that individuals being released can more easily find meetings and begin connecting with the fellowship.

This may include strengthening our meeting information, identifying meetings accessible to rural communities,

increasing awareness of virtual meetings when appropriate, and encouraging members throughout the Area to participate in welcoming newcomers.

Accomplishments

During this service period, Outreach has:

- Continued our relationship with the Fitchburg Sheriff's Office.
- Carried the message of recovery to individuals preparing to return to the community.
- Provided information about Narcotics Anonymous and community recovery resources.
- Identified transportation and rural access as significant barriers to connecting with NA.
- Continued looking for ways to create a stronger connection between individuals leaving incarceration and the NA fellowship.
- Encouraged Area members and groups to recognize the importance of welcoming those who are newly released and seeking recovery.

Our Continuing Goal

Our goal is simple:

To carry the message of Narcotics Anonymous to addicts who may not otherwise have an opportunity to hear it, and to help create a pathway into the fellowship when they are released.

We believe that Outreach works best when we work together as an Area. Every group, every member, and every meeting can be part of making sure that an addict coming home from incarceration has somewhere to go and people to turn to.

"An addict, any addict, can stop using drugs, lose the desire to use, and find a new way to live."

Thank you for allowing Outreach to serve.

In Loving Service,

Teri T
